

Germans "Murder" Town

Newsman Tells of Horrors, Found in Martincourt, Ruined by Nazis

By Wes Gallagher

MARTINCOURT, France, Sept. 4—(Delayed)—(AP)—Have you ever seen a town murdered? This one was a few hours ago by German soldiers.

Every house is a smoking shell. Bodies of dogs, cows, pigs and even chickens lie slaughtered in the street. Under an apple tree beside an overturned basket of apples he had been picking lies the bullet-torn body of a 72-year-old grandfather, half-burned by a thermite grenade.

In a grenade-torn church is the body of a young man. He had been in bed with a broken leg when the German soldiers burst into the house, shot him in the head.

There are two other bodies and but for a woman's pleadings there might perhaps have been more.

In four and a half years on war fronts I had always viewed stories of Germans wiping out a town or village with suspicion, so when I received a report at rear headquarters that a reconnaissance patrol had found Martincourt wiped out I took the opportunity to see for myself.

It was arranged by the area commander that Earl Mazo, of Greenville, S. C., of Stars and Stripes, and myself go in with an armed escort bringing up rations.

Poking Through Rubble

When we arrived a dazed old woman was poking through burning rubble. A mustached, typical French peasant in a blue shirt and faded corduroy pants was the only other civilian visible. His eyes were red from weeping. The Germans had shot his son.

From them and Lt. Philip Wagner, 1808 Elmore Street, Cincinnati, Ohio, whose reconnaissance column first entered the town, we pieced together the story.

Two days ago the FFI ambushed a German staff car nearby, whereupon member of a German panzer grenadier division surrounded the village, shooting at anything in sight. Everything alive on the street was killed.

That's how the 72-year-old grandfather died.

One house caught fire. When a young man fled with clothes aflame he was shot down.

Searched All Houses

The Germans then searched house by house, seizing every man they found. When they came to the one in bed with a broken leg they just shot him and went on.

The prisoners were loaded on trucks, taken outside the village and lined up before machine guns. Most of the women and children had fled terror stricken into the woods but the wife of one man followed the Germans.

She fell on her knees in front of the officer in charge of the execution and pleaded for the men's lives. Her pleas were successful. The officers ordered the execution cancelled but the soldiers fell upon the helpless men and beat them with fists and rifle butts.

Other German soldiers went through the town, looting and setting every house on fire.

Later at rear headquarters came reports that the village of Robert Espane had been burned and 52 men killed and that Beury had been burned. Both villages are between Vitry and St. Mihiel.

Truman in Plea for FDR

DETROIT, Sept. 5—(AP)—Political seers today weighed the effects of the fourth term campaign's first official visit to Michigan, made by vice-presidential candidate Harry S. Truman in a busy Labor Day round of speech-making.

The Missouri Senator, in three speeches to labor rallies, pleaded for re-election of President Roosevelt with the arguments, among others, that he was the best hope for the "common man" and that Thomas E. Dewey, his Republican rival, was "inexperienced."

In speeches to a Detroit Cadillac square audience of 25,000 to 30,000, and to a Pontiac group and a second Detroit rally, Senator Truman championed Mr. Roosevelt as the "greatest man" ever to occupy the White House and the representative of a "fair, square deal."

He promised full utilization of war plants for peace time production and unemployment insurance for displaced war workers.

Claude Greer Found to be 'Not Guilty'

Coroner's Jury Finds he Killed in Self Defense

Claude "Moose" Greer, who was arrested Saturday night following the fatal shooting of his brother, James Bishop "J. B." Greer, 30, ex-convict, in the beer place of Charles Evans, 104 South Washington, was released Monday evening following an inquest in which a coroner's jury returned a verdict of self defense in favor of the accused.

The jury of six men, composed of R. F. Harris, H. S. Forrest, Sid J. Hampton, Dan Kerns, S. Ripley and Tobias Culley, returned the following verdict: "We the jury find the deceased J. B. Greer came to his death from a revolver shot, said revolver in the hands of Claude Greer, and said act on the part of Claude Greer being in self defense."

Greer was very attentive as each witness was questioned by Dr. W. T. Bishop, and Prosecuting Attorney L. J. Harned. After all witnesses had testified, Harned asked Greer if he desired to give his statement, whereupon he said, "No, everything that happened has been told." He then sat back and calmly talked with police officers, while the jury filed out to decide a verdict.

Knife Was Seen

It was brought out in the testimony that a knife was seen lying on the floor next to the dead Greer, which Claude had told officers "J. B." had been carrying, which he had when he went into the place and displayed as though to attack him. The knife was on the floor beside the body when Officers Joe Gresham and Harry Butler arrived and they immediately took possession of the weapon. It was a large double blade hunting knife.

Claude Greer walked up to Gresham and handed over to him the .38 caliber pistol which he had fired at his brother and declared, "I'm the one that done it." Then he walked over to the patrol car and sat down in it, to be joined a few minutes later

Son Cables From Romania

Mr. and Mrs. Fred E. Neef, Sedalia, RFD 5, have received a cablegram from their son, First Lieut. Melvin Ellis Neef, a prisoner of the Romanian government, which states that he is well and safe.

Lieut. Neef was decorated August 1, 1943, by the War Department for exceptional service in the history-making raid on the Ploesti (Romania) oil fields, and is a holder of the distinguished service cross.

Reported missing in action in the Middle East August 12, 1943, his parents learned several days later that he was a prisoner in the territory of the Romanian government.

He was pilot and flight commander of a Liberator bomber. Before going overseas he was an instructor in piloting at Tucson, Ariz., El Paso, Tex., and Topeka and Salina, Kas.

He is a nephew of Emil Neef of Sedalia.

Protest Sale of Utilities

LITTLE ROCK, Ark., Sept. 5—(AP)—The city of Fort Smith protested today a proposal by D. E. Dunne, Jr., and a group of Wichita, Kas., associates to acquire properties of the Fort Smith Gas Company and Southern Gas Producing Company from the United Public Utilities Corporation of New Jersey.

Pvt. W. B. Kelley Dies in Action

Mrs. W. B. Kelley, 310 North Grand avenue, received word this morning from the War Department that her husband, Pvt. William B. Kelley, had been killed in action in France on August 17.

Pvt. Kelley was born April 11, 1910 on route 5, Sedalia, the son of Mr. and Mrs. B. M. Kelley. He was married to Miss Lorene Byrd on January 13, 1937. He entered service in the infantry two years ago and went overseas May 29 of this year, serving in a division which was cited for

Fire Damages Grocery Store

Monday morning at about 11 o'clock the C. L. Sauls grocery store in Knob Noster was damaged by a fire which is said to have started from the motor of an electric refrigerator.

The store was closed when the fire broke out. W. T. Zuber, a barber, saw the smoke coming from the building and reported the fire. The Warrensburg fire department was called to put out the blaze.

Both the building and contents were badly damaged, however, the extent of the damage is not yet known. The roof is beyond repair. It is believed that the loss will be covered by insurance.

The building adjoining the grocery store on the south was damaged slightly by smoke and water. Mr. and Mrs. Sauls were out of town at the time of the fire. They had been spending the past two weeks at the Lake of the Ozarks but were notified of the fire and returned to Knob Noster Monday evening.

Speaker Tells Of Religion In War Areas

Labor and Race Relationship Will Be Subject Tonight

"Labor and Race Relationship in America's Tomorrow" is the topic to be presented and discussed at the Smith-Cotton high school tonight at 8 o'clock by Charles A. Wells, journalist and cartoonist.

Mr. Wells is appearing each night this week under the auspices of the Ministerial Alliance of Sedalia. Speaking last night in the high school, Mr. Wells reported on the present religious conditions in Europe, where Nazi persecution has made great effort to destroy the rising tide of resistance that centered around the people. "The first defeat Hitler has accomplished has been the defeat in the spiritual forces within Germany itself," declared the speaker. "Thousands of pastors and priests have been arrested 10,000 to 13,000 in one prison—Drausnau—a prison outside Berlin."

Mr. Wells told how the Nazis had arrested thousands of pastors and priests, hoping to block the resistance of the Christian forces, many of whom refused to cooperate with the Nazis and gave the anti-Nazi forces a rallying point. He told of the assistance given by Christian groups to Jewish people under persecution and described some of his personal experiences, in instances of both Christian and Jewish persecutions.

Need Christian Standards

Speaking Sunday night on the theme, "Why Do We Fight in Asia?" Mr. Wells stated that there could be no peace in the Pacific until Christian standards of conduct govern western power in Asia.

"The eastern imperialistic powers refused to cooperate with the

The public schools opened in Sedalia today with a total enrollment of 2,946 which is 14 short of last year's enrollment.

The enrollment in the grade schools is as follows: Broadway, 328; Horace Mann, 207; Hubbard grade, 192; Jefferson, 159; Mark Twain, 262; Washington, 342 and Whittier, 238. The total enrollment of the grade schools is 1,728 which is 91 short of last year.

There are 1,111 students enrolled at Smith-Cotton which is 78 more than last year and 107 in Hubbard high school which is one less than last year.

Pvt. R. E. Dundas Killed in Action

Word has been received that Pvt. Ronald E. Dundas, foster son of John Dundas of Windsor, was killed in action in New Guinea August 1. He had been in New Guinea the past 15 months serving in the infantry. He left Windsor vicinity about three years ago and had been in the army two years.

Besides his foster father, he leaves his wife of Slater.

bravery in the battle of St. Lo in Normandy on July 17 and 18. The last letter received by his wife was written on August 15 in which he asked that he and his buddies be remembered in prayer.

Surviving besides his wife are three children, Johnnie, Barbara and William Martin, his parents, Mr. and Mrs. B. M. Kelley, 1320 South Harrison, two brothers, Forest Kelley of 130 South Harrison and Rev. Ervin Kelley, 2212 South Ohio and one sister, Mrs. Eliot Huffman, 115 West Twentieth street.

1,750 American Planes Bomb Industrial Centers In German Rhineland

By Austin Bealmear
LONDON, Sept. 5—(AP)—Up to 1,750 American planes from the west and south struck three major transport and industrial centers in the German Rhineland today in the path of advancing Allied armies and bombed Budapest and rail bridges in Hungary and northern Italy.

Around 750 Flying Fortresses and Liberators from Britain bombed Stuttgart, Karlsruhe and Ludwigshafen. They were convoyed by about 500 Mustang fighters.

Up to 500 heavy bombers from Italy blasted Budapest, and railroad bridges 20 miles northeast of Szob and ten miles southeast of Szolnok. The Germans threw up flak at the Hungarian capital, but risked no fighter planes. Another flight of Liberators bombed the Ferrara bridge in northern Italy for the sixth time in a fortnight.

Lightnings caught a whole fleet of German planes on improvised and virtually undefended landing fields in western Germany and destroyed 60 on the ground and 15 in the air.

Perhaps the most significant of the three-target attack by nearly 750 Flying Fortresses and Liberators from Britain was the attack on the rail yards and repair shops at Karlsruhe (189,850) just across the French-German border in the Rhineland. Mosquitos dropped many two-ton blockbusters on Karlsruhe last night without loss.

Supply Base

Because of its location and huge transport facilities, Karlsruhe is a logical focal point for supplies and reinforcements which Hitler probably is marshalling for the battle of Germany. One report placed the U. S. Third Army within 40 miles of Karlsruhe.

Up to 500 Mustang fighters escorted the bombers and Berlin said air battles ensued. The Daimler-Benz plane engine works and a motor transport plant were bombed visually in clear weather at Stuttgart, 459,538, Germany's 14th city.

Karlsruhe rail targets also could be seen from aloft.

At the big chemical works of Ludwigshafen (143,417) on the Rhine, the fliers encountered heavy clouds and dropped explosives by instrument on objectives not specifically described.

The Swiss radio said two American bombers made forced landings in that neutral republic after violating Switzerland's "air space."

Broadcast Welcome To Allied Troops

LONDON, Sept. 5—(AP)—Premier Pierre Dupont of Luxembourg said in a broadcast today that Allied troops "have arrived at last" on the soil of the Duchy and told his people to get out flags and don their best garb to greet them.

He did not specify at what point the entry was made, but addressed this message to the field armies:

"Welcome to you on Luxembourg soil and thank you a thousand times for everything you have done for Luxembourg. With your blood you are liberating our country from harm. The days and months we were longing for you were frightfully long. Today you have arrived at last."

Deny Report Germany Had Capitulated

Broadcast Said to Have Been from 'Foreign Station'

LONDON, Sept. 5—(AP)—The Brussels radio caused a flurry of excitement in radio listening stations today by denying a report of a German capitulation, which it said was broadcast by an otherwise unidentified "foreign station."

No official listening station in London reported having heard the broadcast which the Belgian national radio denied. The Brussels transmitter has been out of German hands only since Sunday, when the Belgian capital was liberated.

(Associated Press listening posts did not hear the broadcast capitulation report which Brussels denied and the report was not carried by the Associated Press.)

(A spokesman for the United Press in New York said that service had issued a London dispatch which quoted the Brussels radio as broadcasting:

"Ladies and gentlemen: Foreign stations announced this morning at 9:30 news of the capitulation of Germany. At present we have not received confirmation of this report."

Might Be Garbled Report

(The United Press dispatch, the spokesman said, added that this might be a garbled version of Allied front line dispatches reporting the surrender of some 10,000 German troops in the Mons area.

(U. S. Federal Communications Commission monitors said they had not heard the "capitulation" broadcast.)

The Brussels denial, generally heard in London, was made in Flemish and said:

"We are obliged to tell you to our deep regret that the rumor, according to which Germany was alleged to have capitulated, and which was this morning broadcast by a foreign station, has not been confirmed. The fight goes on."

"We also draw your attention to the fact that at 2:15 p. m. we shall broadcast various items of news."

Nothing extraordinary was heard at the 2:15 transmission.

Car Collision Fatal

SPRINGFIELD, Mo., Sept. 4—(AP)—Corporal Lawrence McSpadden, stationed at an army air field at Myrtle Beach, S. C., was killed early this morning when his car struck a milk truck near Rogersville, the state patrol reported. Furlough papers indicated he was on his way to visit his mother at Nevada, Mo.

Took Only Scotch

KANSAS CITY, Sept. 5—(AP)—Thieves showed a discriminating taste in liquors last night when they meticulously saved between tear gas pipes and removed about 35 cases of Scotch whiskey from a storeroom of the Fred Wolfman store.

Quantities of bourbon, rum and other liquors in the basement were undisturbed.

War Fronts

LONDON, Sept. 5—(AP)—Russia declared war on Bulgaria, the Moscow radio announced tonight.

A foreign office statement announced that the Soviet Union broke relations and declared war against Bulgaria. The Balkan country has been at war with the United States and Britain, but not with Russia.

U. S. PACIFIC FLEET HEADQUARTERS, Pearl Harbor, Sept. 5—(AP)—In a thunderous prelude to the next big Pacific push, 30 Japanese ships and 107 planes have been knocked out in a five-day period during which American warships shelled within 615 miles of Tokyo and bombers steadily battered the invasion-menaced Philippines.

(Advance)—ROME, Sept. 5—(AP)—French and American troops driving northward up the Soane valley in pursuit of German forces withdrew from southern France scored gains of as much as 18 miles today.

BERN, Switzerland, Sept. 5—(AP)—The Swiss Federal Council today ordered a partial mobilization of frontier troops.

LONDON, Sept. 5—(AP)—The German communists summed up the campaign in France and Belgium thus today:

"Our troops are stubbornly defending themselves against strong enemy attacking groups which yesterday succeeded in achieving major salients. The fighting has extended to the area of Brussels and Antwerp. Fighting is increasing in violence."

LONDON, Sept. 5—(AP)—Britain's four-day respite from flying bomb attacks ended abruptly today when the Germans sent another shower of Robots over London and southern England shortly before daybreak.

Both casualties and damage resulted, a brief announcement said.

Prowler Reported

A prowler was reported at Seventh street and Missouri avenue, about 9:50 o'clock Monday night. Police made an investigation.

Sedalian Is Navy Captain

Frank Monroe, Jr., son of Mr. and Mrs. Frank Monroe, 602 West Sixth street, has been promoted to the rank of captain in the United States Navy, according to word received by his parents.

The rank dates back to May, 1943, it was stated, the commission being withheld because the young officer was at sea and could not personally receive it. For the past year Monroe, who was a commander has been executive officer on a heavy cruiser, which was in 16 bombardments, and was within 500 miles of Tokyo. Saipan was one of the places bombarded.

Quantities of bourbon, rum and other liquors in the basement were undisturbed. Captain Monroe is now in San

No Reports for Security Reasons; Troops May Be Well Into Siegfried Line

By James M. Long

LONDON, Sept. 5—(AP)—British troops were believed thrusting deeper into Holland and solidifying their hold on Belgium today as official silence still cloaked the whereabouts of the swift American forces which were variously reported across the German border.

Supreme headquarters had no confirmation of reports that the German frontier had been crossed.

The fast moving Third army under Lt. Gen. George S. Patton, Jr., presumably had been on the go for three days under a complete security blackout—such as those which marked the American lightning dash across the Brittany peninsula, the cutoff drive north from Le Mans to close the Falaise gap and the dash past Paris through Orleans.

Unconfirmed reports received at the Swiss-French frontier said that Allied forces had captured Aachen, Germany, three miles northeast of the Belgian city of Liege, and Saarbrücken, Germany, two miles across the frontier and 70 miles east of Verdun.

An earlier report quoted reliable information as saying that Patton's mobile offensive had reached Strasbourg, France, on the Rhine frontier 70 miles east of Nancy.

To Baffle Germans

Supreme headquarters explained the blackout on information was in force to keep the Germans baffled over the direction and speed of the American advance.

By past performance, it would be quite possible for the Third army to have driven anywhere up to 75 miles.

Ahead of the ground forces American heavy bombers and fighters carried the attack into Germany, plastering the Karlsruhe rail yards through which the Nazis have to funnel reinforcements into the Strasbourg-Saarbrücken area. The Lightnings caught a whole fleet of German planes on improvised and virtually undefended air fields and destroyed 60 on the ground.

Heavy fighting was reported in the siege of Brest on the Brittany peninsula, where a diehard garrison still was holding out.

It was announced that Third army prisoners of war had mounted to 76,000. Enemy wounded were estimated at 64,500 and enemy dead at 19,500.

Near Boulogne

Behind the British spearheads operating in Belgium and Holland, Canadians fought their way to within three miles of Boulogne on the rocket coast of France. Other British forces were closing in on Calais and Dunkerque to wipe out the last hold of the Nazis on the channel ports.

To the north a British flying column which captured Brussels and Antwerp in a 48-hour border-to-border sweep across Belgium was reported to have raced through Breda, five miles inside Holland, and to be pushing down the last 28 miles to the important port of Rotterdam.

Breda with a population of 50,792 is the twentieth city of the Netherlands.

Dunkerque In Reverse

Behind these advances German forces estimated all the way from 50,000 to 100,000 men were caught in a cauldron along the channel coast—a Dunkerque in reverse. The Germans had stiffened in a thin arc around the last Nazi-held channel ports.

Supreme headquarters announced that in the area of Mons, Belgium, where the U. S. First Army has been operating, a large pocket of Germans has been wiped out, 9,000 prisoners have been taken and 40 tanks and 1,500 motor vehicles captured or destroyed.

The Siegfried line was under actual or impending assault at both ends. The reports, none of them confirmed, of the three American crossings of the German frontier located the operations at Aachen, 70 miles east of Brussels; Perle at the junction of the German-French-Luxembourg border, and a point somewhere on the northeast frontier of Luxembourg.

In a London broadcast Pierre Dupont, president and prime minister of Luxembourg welcomed Allied troops into the Duchy. He said the Germans were fleeing across Luxembourg toward the Reich.

Mop-up In Progress

In Belgium there was no official news of any American push closer to Aachen than the area of Charleroi, 75 miles to the southwest. A mop-up was in progress

WASHINGTON, Sept. 5 — Erudite Governor Ellis Arnall of Georgia is the first man to get direct from the president's own lips the explanation as to why he did not support Vice President Wallace for renomination.

The explanation came about this way. After Arnall had put up a hard-fisted, never surrender fight for Wallace at Chicago, and carried the entire Georgia delegation with him, ex-Governor Talmadge and his friends began jibing Arnall about betting on the wrong horse. They put out the idea that he had been left holding the bag, that the president had told him that he was for Wallace (which he definitely did) and then double-crossed him.

The president heard about the Talmadge jibes and asked Arnall to drop in and see him. The Georgia governor did so last week and received from the president direct this explanation of the whole Wallace fight at Chicago.

FDR said he had been for Wallace 100 per cent, that Wallace had been his first candidate, just as he had told Governor Arnall several weeks before Chicago. However, the president continued, he had allowed Bob Hannegan, chairman of the Democratic national committee and others associated with Hannegan, to sell him on the idea that Wallace had no political strength and couldn't make the grade in the convention. So the president, bowing to Hannegan's political judgment, gave him, together with Mayor Kelly and Ed Flynn, pretty much the green light to go ahead.

The president implied, without saying so in exactly these words, that if he had known how much strength Wallace had, he would not have yielded to Hannegan at all. This explanation differs somewhat from the story of those who were on the inside at Chicago and participated in telephone calls between FDR and the party bosses.

There was no doubt in their minds that the president, at that point in the fight, was 100 per cent for Senator Truman and pulling wires for him. This, of course, was after Hannegan et al. had done their sales job.

Note: During the Chicago convention, Hannegan came to Governor Arnall, begged, pleaded that he switch the Georgia delegation to Truman, saying FDR was definitely for Truman, not for Wallace. Arnall, who had heard Roosevelt express himself for Wallace several weeks before the convention, replied: "Either the president is the biggest liar in the country or you are a liar. And I don't think the president is a liar." So Georgia didn't desert Wallace.

Where Was Willie?
Hard hitting Republican Clarence Brown of Ohio was cross questioning CIO's Sidney Hillman at a recent meeting of the house campaign expenditure committee.

"You were on hand for the Democratic convention?" asked Rep. Brown.
"Yes, I happened to be in Chicago," grinned Hillman.
"You were there for the Democratic convention?" Brown continued, "but were you in Chicago for the Republican convention?"
"Where was Willie at the Republican convention?" shot back Hillman.

Congressman Brown said no more.
Crime of Polling Soldiers
The justice department had a

delicate crime problem tossed in its lap when Edgar Brown of the National Negro Congress recently issued a statement that he had polled one million Negro servicemen and that around 80 per cent of them would vote Republican. In so doing Brown violated the soldier-vote act, which makes it a criminal offense merely to ask any serviceman how he will vote.

It is now up to the justice department to enforce the law which a coalition of Republicans and anti-Roosevelt Democrats pushed through in order to make it as tough as possible for the soldier vote to be exploited by the administration.

Some Republicans on Capitol Hill indicated shocked amazement that they had passed a bill making it a criminal offense to ask a soldier how he intended to vote.

Senator Austin of Vermont, Republican leader, told newsmen: "I didn't know we voted for anything like that."

He indicated that the justice department should be lenient in enforcement of the law. However, justice department officials say that the law is the law, and once congress passes it, they have no choice. If they attempt to be lenient with any law, they are likely to have a bunch of irate congressmen jumping on their necks.

Meanwhile, as long as the law remains on the statute books, it is a criminal offense even for a father to ask his soldier son how he intends to vote in November.

Note — One provision of the soldier vote bill authorized by Senator Taft of Ohio, forbidding soldiers to read newspapers and magazines of a political nature, has been repudiated by congress.

Alaskan Air Route to Russia
The president recently told the nation about the air route to Russia via Alaska and the Canadian Arctic. Credit for delivering several thousand aircraft to Soviet flyers by this route goes to Colonel Russell Keillor, the commander of Ladd Field, a Soviet flyer of equal rank, Colonel N. S. Vasin, together with two American brigadier generals who created the air route.

Development of this air route is one of the great feats of the war. It penetrates the coldest section of North America, the Tanana and Yukon valleys, where the temperature often goes to 70 degrees below zero.

For years Brigadier General Dale V. Gaffney, U. S. army air corps, worked to improve methods of cold weather flying. In tents on bare runways, he and his mechanics experimented on planes in temperatures which actually froze the anti-freeze solution for truck radiators. Gaffney now heads the Alaskan wing of the Army air corps, with headquarters at Edmonton, Alberta, where the Red Star is painted on American combat planes headed for Siberia and the Russian front.

The other brigadier general who developed the air route is James A. (Patsy) O'Connor diminutive U. S. army engineer who built the Alaska highway and accompanying airfields. General O'Connor, one of the shortest men ever to graduate from West Point, went into the north in the spring of 1942 without even adequate maps and charts. He built fields in mountainous solitudes where not even the Canadian Mounted Police had been before. Recently he was awarded the D. S. M. for this wilderness feat.

Shops and Rails

On account of Monday, September 5, being Labor Day, all departments of the local Missouri Pacific shops were closed down.

The B.A.R.E. will hold their regular business meeting September 5, in the K. of C. hall beginning at 8 p. m. Entertainment will follow the meeting. All members are urged to be present.

Mr. and Mrs. D. L. Cook left last Thursday for the state of California where they will spend two weeks visiting relatives and friends. Mr. Cook is a machinist at the local shops.

A. L. Waltman, traveling electrical inspector for the Missouri Pacific, was at the local shops last week.

F. F. Kerswell, electrician, who has been off duty the past several days as a result of severe burns to his hand, is getting along satisfactorily but will remain off duty for several days yet.

H. S. Marsh, general car inspector for the Missouri Pacific, with headquarters in St. Louis, was at the shops last week on business.

Mr. and Mrs. E. C. Jett and children of DeSoto have returned to their home after spending a few days visiting relatives and friends in Sedalia. Mr. Jett is general car foreman for the Missouri Pacific at DeSoto and was formerly general freight car foreman at the local shops.

C. R. Shirley, pipefitter welder, returned to work Thursday after being off duty since the 21 on account of injury to his leg while playing baseball with the Sedalia Merchants on August 20.

Mr. and Mrs. Frank Barrick will accompany their son Robert to Rolla, Mo., this coming week, where the son will enter the Missouri School of Mines in Rolla. They will also spend a few days visiting in Kansas City with their daughter Mrs. Frank Barrick, Jr., of Omaha, Neb., who has been visiting here the past few days. Mr. Barrick is a crane follower at the local shops.

Mr. and Mrs. Millard Hume and son left last week for Miami, Fla., where they will make an extended visit with relatives. Mr. Hume is a coach carpenter at the local shops.

C. E. Beasley, production engineer, is spending the week end

visiting with his family in Kansas City.

A. A. Ferguson, tool supervisor for the Missouri Pacific, was at the shops Friday and Saturday. Missouri Pacific locomotive 1511, 1704 and 5342 were released for service last week after undergoing a general overhauling at the local shops.

Traffic Cases

Kenneth Smith, 1412 South Ohio avenue, forfeited a one-dollar fine in police court Monday morning on a charge of overtime parking. John Woodberry, Warrensburg, forfeited a one-dollar bond on a charge of making a left hand turn at Third street and Ohio avenue.

Looking Backward Forty Years Ago

Numerous of the Democratic county candidates will go to Windsor Thursday when Joseph W. Folk will deliver an address there. Others from here are expected to attend the meeting.

Ex-Congressman Joel D. Hubbard has arrived here from Versailles with his family and he will practice medicine. They are moving into the Moses property at Thirteenth street and Ohio avenue, which he recently purchased.

Policeman Will Boult will have a "kick" coming when he gets home from seeing the sights at the World's Fair, as during his absence a thief visited his place, taking advantage of his absence and stole a bushel, or more, of peaches from a tree there.

George R. Homan returned from the California, Mo., fair, where

with his exhibit of high school saddle horses he captured no less than twelve premiums, nine blue ribbons and three yellow.

J. West Goodwin left yesterday afternoon for a business trip to New York City.

Dean Bros. & Cauliflower commenced razing the old portion of the Sedalia Woolen Mills this morning, and on its site they will put in a new foundation and erect new walls.

General Eisenhower
calls it "esprit"!

It's A SPIRIT that rises to accept each new challenge with dignity.

It's a spirit born of vision. Of a love of freedom so great it transcends human hopes and fears. And makes any sacrifice worth while.

It's the spirit that tackles all kinds of Army jobs. Humbly. But with a joyous pride.

A spirit that has its eyes on Tomorrow—a spirit that has won the eternal respect of the Army of the United States.

This is why General Eisenhower has said:
"The esprit constantly exhibited by our Wacs is exemplary!"

Esprit! "I couldn't just wait for the war to end. I'm working for victory!" says Corporal Margaret Wymant.

Good soldiers...

the **WAC**
WOMEN'S ARMY CORPS

Esprit! "Being a Wac makes me feel I'm helping my country!" writes Sergeant Shirley Thomson.

Esprit! "I'm proud of my job—intelligence work at an Army airfield!" says Sergeant Anne MacIntosh.

VICTORY IN NORTH AFRICA

XXI
"THINGS were getting hot," as Ike called it, all along the line. The Axis was fighting desperately at great cost of lives and supplies. They broke through American artillery positions west of Faid Pass, imperiling the Allied positions at Gafsa. American forces under heavy assaults withdrew to the hills in the Tebessa region on the Algerian border. Montgomery's British Eighth Army was only 165 miles away after fighting its way across North Africa.

The battles at Kasserine Pass were being waged with terrific onslaughts from both sides. The first battle lasted two days and ended in defeat for the Americans and French, who were forced back into Algeria. It was a death struggle to take this mountain gateway to Tunis. The Germans, spirited by their temporary victory, advanced rapidly towards Thala.

General Eisenhower was at the front witnessing the battle. Standing beside him were General Alexander, General Giraud, and General Patton. They watched the American forces as they rallied a few days later with a powerful attack. Through brilliant strategy the Germans were caught between the sheer, cliffed walls in the mountain pass—a modern Thermopylae. Waves of American bombers poured death from the skies. Panic-stricken, the Germans tried to escape the flaming tomb, but the American ground forces drove through with devastating power. The Battle of Kasserine Pass was won (Feb. 24, 1943), and the remnants of the Germans retreated toward Gafsa. And Gafsa, with General Eisenhower witnessing the battle, was captured in terrific combat by American infantry on March 17, St. Patrick's Day.

The Americans captured El Gueitar. The German Mareth Line began to crack under Allied bombing and a major battle was brewing. General "Monty" Montgomery was making rapid progress coming from the east and sent the following message to his chief:

"We are all looking forward to joining the United States of America forces very shortly and after that we will finish off this business very quickly between us."

THE British forced Rommel from his Mareth Line (March 29) into Southern Tunisia towards Gabes, which was under heavy naval shelling. They captured El Hamma and Gabes (March 30). Rommel was pushed farther and farther into the coffin corner, until he joined with von Arnim's forces in Northwest Tunisia.

The long-awaited day arrived. It was April 7 when the message came to Eisenhower that Monty's battle-scarred British veterans, who had fought their way 2000 miles across the African deserts, had joined the Americans in Tunisia, south of De Dibel Chems on the Gafsa-Gabes road. Monty's gallant Eighth and Patton's Second U. S. Corps were fighting together against the common enemy. In the meantime, other American forces had accomplished a major thrust by pushing 20 miles and taking Fondouk in Central Tunisia.

The combined force swept forward. The total Axis prisoners of the two armies counted 12,000 as Axis forces abandoned Mahares and retreated towards Sfax on April 9. Sfax was captured the next day and on the 11th day they were 27 miles north at La Hencha while American troops stormed and swept through Faid Pass. Kairouan was taken on April 12, and the armies swept on, capturing thousands of Axis troops, 30,000 by April 15.

ROMMEL was being beaten at his own game. He had only the sea behind him. He must fight to the last ditch or attempt a German "Dunkirk" with what was left of his shattered army. In North Tunisia American troops, in total darkness, captured all the Djebel Tahent, Hill 609. American troops captured Mateur, 19 miles southwest of Bizerte, after a 15-mile advance through the German position of Jefa to the west.

The Axis in Africa had come to the end of the trail. On a glorious May day (May 7, 1943) at 4:15 in the afternoon Bizerte was captured by the U. S. Second Corps aided by the French. Tunis was captured by the British First Army after advancing 23 miles in 36 hours. United States armored forces were advancing toward the Gulf of Tunis to cut off the retreating Axis troops. The British pushed along the coast to stop the enemy from withdrawing into the hills of the Cape Bon Peninsula.

Bombers were pouring death and destruction on the fleeing armies of Rommel. His desperate attempt to escape to the sea had failed. There was but one thing left for him—to escape to Italy by air and leave his bedraggled army behind him.

May 9 was a dismal day to the "all-powerful" Axis. Germans and Italians began surrendering unconditionally en masse. Six great German commanders, headed by the proud Maj.-Gen. Willibard Bormwitz, surrendered to the American General Bradley of the Second Corps.

The death rattle was gurgling in the throats of the mighty Axis. A few hours later, on May 10, British forces were advancing up both sides of Cape Bon peninsula to strangle Hitler's "supermen" with a last powerful grip.

General Eisenhower, at his headquarters, issued this statement on May 12: "Organized resistance, except in isolated pockets of the enemy, has ceased. General von Arnim, commander of the Axis forces in Tunisia, has been captured."

She Kept a Maid for 50 Years
In these trying times when getting a maid, let alone keeping one, is a major problem, the accomplishment of Mrs. Augusta Hinz, left, above, of Bay Village, O., is noteworthy news. Mrs. Hinz got—and kept—a maid for 50 years. Now 93, she is pictured playing maid to her maid, Miss Emma Darby, 67, on the 50th anniversary of Miss Darby's service in the Hinz home. And there's no use in trying to lure her away, ladies! She's come to stay.

Released After Being Questioned

Raymond Moon, 17 years old, 1919 South Lamine avenue, who was arrested Saturday night by police when he was accused of driving his car in front of the police car, which was in pursuit of a car in which a man was being sought on a felony charge, was released Sunday afternoon. He was released after Prosecuting Attorney L. J. Harned had conducted an investigation.

According to Officer John Neitzert, he was after a car believed to have been driven by Elwood Fisher, who was sought by the police, and had circled the Garst Drive Inn. As he neared a driveway, Moon was accused of pulling his car in front of the police car. Neitzert said further that he had the red light burning on his car to inform oncoming traffic it was a police vehicle.

IMPORTANT NOTICE TO PEOPLE WITH HAY FEVER

If you have hay fever—sneeze, cough, your eyes and nose itching and burning till you're just worn out—you'll welcome these new, dramatic facts.

There is now scientific evidence to show that, in some cases, large daily doses of vitamin C may relieve the symptoms of hay fever. The test evidence is not conclusive. But it is sufficiently favorable to indicate that anyone with hay fever should give vitamin C a trial.

And there is now a special formula for people to take at home that may enable them to get very economically—the benefits of these discoveries. It's called Pierce's Special Vitamin Formula. These tablets make it easy for you to take the large amounts of vitamin C the research scientists used. They also provide important factors of the B-Complex. Factors that have to do with sound nerves, good digestion and good appetite.

You may have so much to gain by taking these new vitamin tablets and the answer may be so quick and definite. So don't wait. Start today! Get Pierce's Special Vitamin Formula (in the blue box) at your druggist's. Read the directions for hay fever sufferers right on the blue package.

A Switch in Time saved Mine...

My wife wasn't all joking.

She said that a real new car improvement would be to go easing sideways, right into a cramped parking space at the curb. I said yes—maybe in 1960. There's one swell improvement though, that's here already!—an OIL-PLATED engine! You get that immediately by switching to Conoco Nth motor oil. I don't say it's the only oil; they're not hiring me. But I had this engine OIL-PLATED around 1941. It's still running like a darby; using Conoco Nth oil all the while, to cut down damage from engine acids. If I know what I've read all through this War, the acids made by every engine are liable to cause corrosion inside. That's bad. But acids don't like OIL-PLATING—can't gnaw right through it. It's fastened real close or sort of plated onto working parts that you've got to protect till your new car comes. And even then you'll want the engine OIL-PLATED with Conoco Nth oil, the same as in the car you've got right now.

Teachers' Association Met Monday

Miss Ida Cruzan, President, Delivers Address

The opening meeting of Sedalia Teachers' Community association was held in the auditorium of the Smith-Cotton high school at 10 o'clock Monday morning.

After a short business session, the following musical program was presented by Miss Frances Brunckhorst of the high school faculty and Neal Powers of the Bell Telephone company, accompanied by Miss Marian Smith, music instructor at Washington school.

Duet, "Ah, Sweet Mystery of Life" (Victor Herbert), Miss Brunckhorst and Mr. Neal; solo, "Elly Aron" (Lary Brett), Mr. Neal.

Miss Ida Cruzan, president of the association, gave an account of the twenty-fourth meeting of the representative assembly of the National Educational association which she attended in Pittsburgh, Pa., July 4-6. The general theme of the meeting centered around the tasks of the school in relation to the present war and the peace which is to follow. Delegates were present from the 48 states, District of Columbia, Hawaiian Islands, Puerto Rico and Alaska. Miss Cruzan stated that the outstanding address was given by A. J. Stollard, chairman of the Educational Policies Commission, who set forth the following plan of action for teachers of the United States:

1. Insist and demand recognition of the role education can and should play in the establishment and maintenance of a permanent peace.
2. Insist that an internal office of education be established to carry out such a role.
3. Support the effort to give the schools a dynamic voice at the peace table.

New Teachers Introduced
Miss Cruzan closed her address by quoting the opening paragraph of the Classroom Teachers' organization, after which the new teachers were introduced by Supt. Heber U. Hunt.

The meeting was concluded with a short address by Supt. Hunt in which he briefly set forth the policies and goal of Sedalia schools . . . the best for Sedalia boys and girls in the best way possible.

Claude Greer Found to Be 'Not Guilty'

(Continued From Page One)
by his father, George Greer, 100 West Jefferson street, who was also employed at the place.

Other Attacks
Investigation conducted Sunday and Monday by Police Chief Anson Fennell brought out a story of a series of attacks, believed to have been made by J. B. Greer, accompanied by Elwood Fisher, in which three Negroes were cut, and ending with the killing at the Evans place.

It was brought out by J. B. Greer, in company with Fisher, was in Sedalia Saturday night, August 26, at which time they tried to get into the Evans place after closing time but were kept out by Claude Greer, who was working at the place as a waiter and watching the door after closing time. At one time when the door was opened to let a customer out, J. B. Greer, it was said, struck Claude in the mouth and cursed him for not letting him in.

Then last Saturday night J. B. Greer and Fisher again came to Sedalia from Kansas City, and made the "rounds." Shortly before 10 o'clock a Negro soldier, Pfc. Theodore Moore, SAAP, was attacked at Main street and Lamine avenue, one of the two men getting out of a car and slashing the Negro on the back, causing a wound which necessitated taking seven stitches.

Other Attacks
Two other Negroes, one a resident of Georgetown and another a Sedalia resident, reported being attacked by the two. It was a few minutes before the shooting that Greer and Fisher went to the Evans place. They called to Claude who was at work, but to Claude who was at work, but they were in trouble and wanted him to help them out. They declared, "We have cut three or more Niggers." Claude Greer said he didn't want any part of it, and one of the two yelled at him, "Then we'll get you."

Claude went into the place to return to his work, and was met in the hallway by J. B. Greer, who said he had the knife. Fisher was in the beer parlor, according to the father of the Greers and he ran Fisher out of the place. J. B. Greer made advances toward Claude, whereupon Claude was said to have obtained the gun from a shelf in back of the bar, walked to the door between the hall and the beer parlor. As J. B. Greer started toward Claude, Claude is quoted as saying he fired "point blank," and J. B. Greer, who was in the hallway, fell dead on the hall floor.

Human Blood Found
Sergeant George Maness, of the Police Department, took the knife and clothing of J. B. Greer to Jefferson City Sunday afternoon to the state patrol laboratory for tests. It was revealed the knife had human blood on it, that spots on the back of the pants, which appeared to have been caused when the knife might have been wiped on them, were also human blood. This, the police said, is evidence enough that the knife was in J. B. Greer's possession and might have been wiped off after he or Fisher had cut the Negroes.

A pickup order has been issued for Fisher by Chief Fennell so that he may be questioned in regard to the alleged attacks on the Negroes.

Witnesses at the inquest were: Arthur Case, 1502 South Prospect, Harry Shoemaker, 1120 West Second street, Mr. and Mrs. Robert Shull, 1403 South Harrison avenue, Night Chief of Police John J. O'Brien, Officer Joe Gresham, Sergeant George Maness, Chief Fennell, Mrs. Mabel Fisher, wife of Elwood Fisher, 612 South Summit avenue, George Greer, father of the Greer boys.

Ray Shannon Jones, Aged 17, Died Today
Ray Shannon Jones, 17, died at his home at 216 East St. Louis street at 3:45 this morning.

He is survived by his mother, Mrs. Rosie Jones, three sisters, Mrs. Odessa Roseman and Miss Lillie Mae Jones of the home and Mrs. Dasie Thompson of Pleasant Hill and six brothers, James, David, Harold, Willie, Vernon Lee and J. T. Jones, all of the home.

Speaker Tells of Religion in War Areas

(Continued from page One)
Christian statesmen of China and Japan and at the same time, gave opportunity to the Japanese military madmen who seized power upon the failure of the Christian statesmen.

Mr. Wells quoted Madame Ching Kai Shek, who said in a newspaper report that the world has never seen such immeasurable stupidity as a handful of white imperialists refusing to cooperate with Japanese and Chinese Christians for Chinese aid, while, on the other hand they financed and supplied Japanese military madmen.

"If we are merely fighting to maintain white supremacy in Asia, we will be fighting in vain for a race supremacy of any kind, and we must have a stabilized peace," stated the speaker. "Support of Christian truth and Christian love must be the war aims if we are to win a total victory."

Rev. J. Fred King, president of the Ministerial Alliance, is the presiding chairman of the conference on "Christ and World Needs." He introduced the speaker on Sunday evening and opened the meeting with a short devotional service which precedes the main address by Mr. Wells each evening. On Sunday night the other leaders of the worship were the Rev. S. W. Jensen, the Rev. H. U. Campbell and the Rev. H. M. Janssen.

Monday evening the worship was conducted by the Rev. Halie Rice and Rev. D. F. Dillon of Smithton.

Not Guilty of Wrong Doing, States Miller

(Continued From Page one).
In Sedalia to do the balance of my Senate secretarial work.

"Other senators did as I did. In my opinion there is nothing either wrong or unethical in this."

"Miss Reimenschmitter made this statement several weeks ago at the insistence of friends of one of my primary opponents who were working in the same office with her."

Referring to the story the Capital News, of Jefferson City, said in part:

"Miller said Miss Reimenschmitter and her father had come to his office seeking employment for her and were told he could give her only a parttime job at \$100 a month."

"I told her father," Miller said, "that I could not employ her full time as I needed someone from Sedalia who could work the rest of the time in my Sedalia office as the greater part of my Senate stenographic work was done in Sedalia."

"I told them it would be silly for me to pay a secretary in Jefferson City \$150 a month for two or three days to do my Senate work and then pay another secretary in Sedalia out of my own pocket for the same work."

Started in March
"Miss Reimenschmitter, now a stenographer in the Workmen's Compensation Commission, said she started to work for Miller in March, 1933, and was informed her salary would be \$100 a month."

"I later learned from other secretaries in the Senate," her statement said, "that they were paid at the rate of \$5 per day."

"When she questioned Miller about it, she said, he told her that he wanted the extra money from the kick back for his Sedalia law office secretary."

"Miss Reimenschmitter's statement said she turned back \$69.85 in cash to Miller from her first month's check which was for \$149.85. In April and May however, the statement said, she turned back the money by check."

Got Canceled Checks
"A reporter obtained possession of the cancelled checks, one for \$45.10 and the other for \$49.65, and had photostatic copies made of them."

"When I was paid \$145.10 for June, 1933," Miss Reimenschmitter's statement continued, "I refused to turn over any of my salary to Senator Miller." She added that she continued to work for the Senator until July 6 when she got the job with the WCC.

"Miller, Republican floor leader in the 1933 session, denied she had turned back \$69.85 in cash from her first month's check, but admitted she had returned by check \$45.10 in April and \$49.65 in May."

"Miller said that other senators did as he did, employing a part-time girl in Jefferson City and another in their offices at home to do necessary Senate work."

"In my opinion," he said, "there is nothing wrong or unethical in this."

Over Hundred Attended A Farm Meet

Progress Was Discussed At The Longan Farm

Nearly 100 farm men and women gathered at the J. C. Longan farm, Thursday afternoon, to see the results and hear the discussions on the progress that has been made by the Longans in using a balanced farm program on their farm.

It was pointed out in the beginning by Mr. Longan that this type of program was started about eight years ago, when they began working toward a definite goal of soil conservation, crop rotations, and livestock improvement.

Mr. Longan also pointed out that replanning the farm and getting sound practices into operation was a thing that cannot be done and accomplished in a year's time, but that it is a long time type of program.

Over a period of years the balanced farm plan has been successful in conserving soil, increasing the net farm income, and making it possible to add to the family living. So far in 1944, 5000 pounds more beef have been marketed than in the better years prior to the time the program was put into effect.

During the tour of the farm, such practices as good farm roads, grass waterways for terrace outlets, terraces, crops planted on the contour, crop rotations, use of agricultural lime and fertilizer, locust seedlings for gully control, pasture improvement, and the livestock to utilize the feed were seen and discussed.

Progress Is Noted

Of particular importance to the crop was the progress that had been made in improving one of the permanent pastures on the farm. At the beginning of this demonstration this particular pasture was practically depleted of grass. By discing the pasture, seeding rye, and reseeding the pasture with grasses and using a heavy application of fertilizer,

Sod Waterways Foe of Erosion

Establishment and maintenance of sod waterways aids control of erosion, produces excellent hay or pasture and provides an inexpensive method of simple drainage, according to the War Food Administration. In addition to these aids to greater farm production for war, a grass sod is a soil builder. Farmers may receive assistance in carrying out this valuable practice in most States under the conservation program administered by the Agricultural Adjustment Agency.

Several types of sod, or grassed, waterways are in common use. One is the comparatively broad type where the area included in the waterway is kept permanently in meadow. Another is that used in connection with diversion terraces and terrace outlets, and is comparatively narrow. This waterway is planted in a thick, low-growing, turf-forming type of vegetation which will fold down under the pressure of water.

Too narrow a waterway in a strip-cropped field will lessen its usefulness in erosion control, WFA points out. Factors determining the width are the size of the drainage area, the tilt of

the land, the width of the crop strips, the type of soil, and the rotation followed. Grassed waterways on strip-cropped fields serve the same purpose as terrace outlets on terraced fields.

Sod waterways often produce the highest hay yields on the farm or make good pasture, when fenced off, if they are accessible to livestock. Grass can be established in drainageways the same as in meadows. Experts advise, "When liming the field, lime the waterway; when fertilizing the field, fertilize the waterway, when seeding the field, seed the waterway, too."

A mixture of grasses and legumes is used on waterways. For fall seeding, grasses can be sown in late August or early September, followed by the legumes early in the spring. Work has to be started very early for spring seeding.

Sod is recommended for breaks in waterways and to establish grass in narrow, steep, or gullied draws. Waterways should be moved and the grass raked for hay, says WFA. Bulky accumulations smother the growth. Broad-bottom sod drainageways are recommended to reduce the speed of discharge water.

Missouri and J. U. Morris, County Extension Agent, assisted in conducting the tour of the farm and pointed out the value of the different practices being used on the farm.

Farmers May Get Copper Wire

Pettis county farmers who are now connected to electrical power and who intend to extend the use of the electric service on their farm to machines or equipment in order to increase food production would be wise to make application at the county Triple-A office for needed copper wire now, states C. E. Ferguson, Chairman of Pettis County Triple-A Committee.

The committee has a small amount of surplus wire in their third quarter quota which could be issued before September 20 to eligible farmers showing a need for it. Certain requirements in units of food production now on the farm must be met by the applicant before the committee may issue a certificate to purchase the necessary wire, however applications will be taken any time to determine the farmer's eligibility.

Electrical power on the farm is one of the great factors that have aided farmers to increase food production during the time when they have been called upon to produce more with less labor and machinery available, continued Mr. Ferguson. The extension of electrical power to farmsteads where it is necessary to build miles of line has been greatly slowed down since the beginning of the war due to the curtailment of copper for civilian use however a fixed amount of copper wire is set aside each quarter to be used for the increase of food production on farms. Each county is allotted a quarterly quota on which certificates are issued by the County Triple-A committee to eligible farmers who make application.

Exhibit Given By Walnut Grove Club

Homemakers In Picnic On Sunday At Schoolhouse

A program and exhibit of great interest and accomplishment with very little effort was given by the Walnut Grove 4-H Club at the annual Homemakers picnic at the school house on Sunday evening, August 28. Fifty-eight members and friends were present. While the young folks enjoyed playing games and the men visiting, the women prepared the bountiful picnic supper which all enjoyed.

The evening's achievement was presided over by Miss Thelma Brunkhorst, leader of the girls' 4-H club. The numbers were all extemporaneous. Anna Lee Harvey, president of the 4-H, gave a history of the club for the past year. The members had received 42 blue ribbons, 24 red ribbons, and 12 white ribbons on their exhibits, demonstrations, and judging contests at the County Achievement Day program.

Earl Paige, treasurer, gave the financial report with a balance of \$98.35 in the treasury. Most of this money was made at the pig supper on Wednesday night, August 23, and some from the waste paper drive. Stella Sperber gave an interesting talk on the District Round-up which was held at Clinton, Friday, August 25. One blue ribbon and five red ribbons were received by the Walnut Grove 4-H members there. Those attending District Roundup were Anna Lee Harvey, Stella Sperber, Junior Snow, Jimmie Tobben, Donald Riley, and the two leaders.

Report on Camp

The boys' 4-H club leader, Charles Siron, gave a report of the 4-H camp held at Montserrat. Miss Dorothy Bacon, Home Demonstration Agent, congratulated the club on their fine work and also on their achievement program. Miss Bacon introduced her assistant, Miss Dorothy Capps.

The remainder of the evening was spent in group singing led by Anna Lee Harvey. The girls' exhibit of clothing which they had constructed created much discussion. Of special interest were the made-over garments, repairs on clothing and work garments. Seam finishes and button holes were also the center of much interest. These girls had done an outstanding piece of work on their clothing.

Although the 4-H members were the main attraction at the Women's Club picnic, the women will have their September meeting by themselves. This will be held at the home of Mrs. Vernon McMullin. The president, Mrs. G. H. Paige, has planned that at this meeting the women will make felt pictures and wooden book ends.

Endowment For State Park

JEFFERSON CITY, Aug. 31.—(P)—A state park endowed with a \$2,500,000 trust fund for its upkeep apparently is in the offing for Missouri.

Jacob L. Babler, wealthy St. Louis insurance man, said his will would establish the trust fund and a board of trustees to manage expenditure of the income from it on the Dr. Edmund A. Babler Memorial park in St. Louis county, which he donated to the state several years ago.

The park contains 2,400 acres and cost an estimated \$350,000. Babler, 74, a delegate to the Constitutional Convention, yesterday won his long campaign for a constitutional earmark on funds equal to a one cent tax on each \$100 of property—approximately \$400,000 a year at present valuations—for maintenance of state parks.

Babler predicted improved state parks would pull \$50,000,000 a year into the state by attracting tourists and business. Besides, he said, "It has always been my ambition to see our state parks properly cared for."

"Missouri has one of the finest park systems of any state in the union if they are properly maintained."

The state park board operates 22 public parks.

Fun At Health Leaders Meet

Once when school was fun was at the Health Leaders Training meeting in the Armory last Wednesday afternoon. Miss Reba Gum, County Health Nurse, and the group discussed the causes of rejection from the Army for both the Negro and the white race and what health measures might control these difficulties. The group also discussed community loan kits for aiding in the care of sick patients in the home. Mrs. Geo. Fichter who has recently attended the State Cancer Control meeting in Kansas City discussed cancer and distributed literature.

Miss Gum invited each club to make topic recommendations for the monthly health letter for next year.

After the discussions the women made back rests for bed patients so that each club might have one for use in their community. They were assisted in the construction of these back rests by a group of Maplewood 4-H club boys—Wm. and Chas. Williams, Wm. Rissler, and Ralph Banning.

Miss Dorothy Bacon, Home Demonstration Agent, and Miss Dorothy Capps, Assistant Home Demonstration Agent, had previously prepared the materials to assemble for the back rests. They had also prepared illustrative charts on the causes of rejections for each leader to use in her discussion with the club.

As the following women departed, each one commented that she had "had fun," "enjoyed the afternoon" or was going home and "try her back rest." Mrs. Dewey Geiser, Mrs. Joe Jenkins, Mrs. Harvey Sanders, Mrs. W. E. Selken, Mrs. Harry Tevis, Mrs. Geo. Fichter, Mrs. J. A. DeJarnette, Mrs. Carl Landes, Mrs. Maynard Ford, Mrs. R. Rhoads, Miss Anna Alt, Mrs. R. L. Wadleigh, Mrs. Elmer Curtis, Mrs. Geo. Landes, Mrs. H. A. Wilson, and Mrs. Boyd Young.

Achievement Day Be September 19

Program arrangements for Home Economics Achievement Day on September 19 have been completed by the committee. Each number is an interesting feature within itself, therefore, the program in its entirety will be exceptionally interesting.

The guest speaker for the event is to be Miss Amy Kelly, State Home Demonstration Leader for Missouri. Since most of the members have heard Miss Kelly's news letter read at club meeting, they are eagerly awaiting the opportunity to meet her personally.

Another interesting feature on the program will be the style show by the blue ribbon 4-H dress revue girls. They are: Helen Cox, Esther Leiter, Nomah Dean Snow, Lois Burton, Dorothy Lou Snow, Betty Jean Klein, Patricia Thompson, Doris Nelson, Anna Lee Harvey, Betty Jean Meyer, Ruth Evelyn Green, Rose Mary Klein, Josephine Wadleigh, and Lucia Lee Brosing.

Mrs. J. U. Morris has been asked to sing. One of her numbers will be a song composed by Mrs. Paul Read, one of the Quisenberry Extension Club women.

Other musical numbers will be a special number from the Hughesville Club and the group singing of several songs from which the group will select the club song for 1945.

The clubs are permitted to make recommendations on those songs, however, the committee selected "Battle Hymn of the Republic," "Onward Christian Soldiers," "I Would Be True," and "Sing and Smile and Pray the Clouds Away."

The committee planning the program was Mrs. J. A. DeJarnette, Mrs. O. R. Demand, and Miss Dorothy Bacon.

Army Vehicles Will be Sold

WASHINGTON, Aug. 31.—(P)—Thirty thousand army trucks and cars are to be sold as surplus property throughout the nation within the next two weeks, according to information given Rep. Thomason (D-Tex) Wednesday by officials in the Treasury Department's procurement division.

With the war in Europe fast reaching a climax, the need for army vehicles in training camps in this country has been reduced, and during the past 45 days some 15,000 trucks, cars and motorcycles have been released for sale as surplus property.

Thomason said he was advised that approximately 3,000 trucks, 400 cars and 3,500 motorcycles will be released in the next few days for sale in the southwest through the procurement division regional headquarters at Fort Worth, Tex. The region comprises Texas, Oklahoma, Arkansas and Louisiana.

Community Club Meeting

The Brick 4-H Homemakers clubs met at the clubhouse August 30 at 8:30 o'clock for an ice cream social attended by 80 persons.

The 4-H club members exhibited clothing they had made, their vegetables and their rope which they took to 4-H roundup. They gave reports and demonstrations with the 4-H president in charge.

The Homemakers club had patriotic service in honor of Warren Siegel, who died in service July 24. His gold star was placed on the flag while three girls sang "The Marines' Hymn" and Mrs. J. E. Deuschle read "I Died Today."

Clay Page played taps.

Fall Vegetables To Better Health

Greens from fall gardens can do much to help the family build up a vitamin A supply for winter health, says the U. S. Department of Agriculture. The carotene in the greens changes into vitamin A in the body. Fortunately, the body can store this vitamin for months ahead when many foods rich in A, such as summer butter, cream and eggs, are less plentiful.

The liver is the chief storehouse for A but the kidneys and lungs are also storage centers. As the body needs the vitamin, the liver releases it into the blood to be carried to other tissues. How much vitamin the liver stores depends on how much is taken in and also on the body's storage ability. People

apparently differ in the quantity of A they can put by for future use, but eating plentifully of green and yellow vegetables this fall

will help to build up a reserve of A for winter use.

Relieve that Tormenting

PIN-WORM

ITCH Too Embarrassing to Talk About!

It is no longer necessary to put up with the trouble caused by Pin-Worms. Don't let your child or yourself suffer that tormenting, embarrassing rectal itching, or take chances with the internal distress. Medical science has now discovered a new and highly effective way to deal with this stubborn and troublesome infection. This important scientific discovery is a remarkable drug known as gentian violet. It is the vital element in P-W, the new Pin-Worm treatment developed by the laboratories of Dr. D. Jayne & Son, America's leading specialists in worm medicines. P-W tablets are small and easy to take, and they act in a special way to destroy the icky creatures.

Watch for the warning signs: Itching nose and seat, uneasy stomach, bed-wetting, uneven appetite. Remember that now there is a treatment that works on Pin-Worms as no old-fashioned "worm syrup" or "worm candy" could. So if you even suspect Pin-Worms, get a box of P-W right away, and follow the directions carefully. P-W means Pin-Worm relief!

Merchants Get Two Shutouts, 14-0 and 1-0

Algoa Easily Defeated, Windsor-Merchants Go 13 Innings

"Lefty" Hal Green turned in a three-hitter Sunday afternoon against Algoa and was rewarded with his first shut out of the year, winning handily by a score of 14 to 0. The game was played at Liberty park before a large crowd.

The Merchants with several of their players out of the lineup used some of the Legion members and they played excellent ball; Buddy Thomas at shortstop, George Thompson in left field, and Bill Livengood at first base. Green was given some sensational support by his teammates and likewise turned in the most sensational play of the day when he fell attempting to catch a pop fly and threw the runner out while lying on the ground. He fanned 16.

Stockwell, the visitors hurler was batted out of the game in the sixth and was followed by two other hurlers, both being ineffective.

Manager Palmer Nichols was back of the plate and collected two hits, drove in four runs, and scored three runs. Livengood, Ellsworth Williams, Thomas and Morris each collected two hits.

So effective was Green that only three balls were hit to the outfield and the infielders received a workout.

The lineup: Merchants — Bus Livengood 1b, Bill Livengood 1b, Ellsworth 2b, Thomas ss, Woolford 3b, Thompson and Williams lf, Morris cf, Crider rf, Nichols c, Green p.

Green Allows Four Hits
Ray Morris' sharp single into right field with the bases full sent Manager Nichols across the plate in the last half of the 13th inning, enabling the Sedalia Merchants to defeat the Windsor Legion by a score of 1 to 0.

"Lefty" Harold Green pitched his second shutout in two days, letting the Windsor club down with 5 safeties and striking out 9 and was given some sensational support, especially by Woolford and Buddy Thomas. McMillan, righthander for the visitors was in rare form and held the Merchants to one hit, that by Ellsworth, until the 11th inning when the Merchants began to get the range. He also was given some brilliant support by his teammates.

Clay Williams leftfielder for the Merchants made the fielding play of the day in a diving catch of a low liner, breaking his glasses and fracturing the thumb of his left hand. He was replaced by Gene May. Due to several of the Merchants being unable to play, Manager Nichols used Shoemaker, Legion catcher, back of the plate, May in left field, and Thomas at short stop, all Legion players.

The Merchants were afforded several excellent scoring chances but poor base running cost them several chances. With two out in the last half of the 13th Manager Nichols was issued a pass, Woolford doubled into left field, Crider walked and Manager Roehrs came out and talked with McMillan and decided to pitch to Morris, left hand hitter, and on the second pitch Morris hit a drive into right field scoring the winning run.

Next Sunday the Merchants will meet the Marshall team at Liberty park and they will have for their pitcher, Murphy, who pitched for Elmer, Mo., in the state tournament here several years ago.

Sports Roundup

By Hugh Fullerton, Jr.
NEW YORK, Sept. 5.—(P)—It may be an exciting American league "race" to some folks, but from here the progress of the Yankees, Browns, Tigers and Red Sox looks more like a quartet of drunks going down the street, their arms around one another's shoulders, trying their best to keep from staggering off the sidewalk. . . . The reason you hear so little about big league baseballers in the army is that there were so many complaints to the inspector-general's department about coddling athletes that public relations officers decided to clamp up about the athletic feats of guys who are doing perfectly good and useful jobs on this side of the ocean.

Today's Guest Star
Al Del Greco, Hackensack (NJ) Bergen Record: After Trout and Newhouse finish their season with the Detroit Tigers, they can be hitched to a plow and feel right at home. That's how hard they've been worked.

Dampening His Enthusiasm
Fresco Thompson, talkative pilot of the New Orleans Pelicans, tells this yarn on himself. . . . When Fresco was playing for the Phillies, Uncle Charlie Moran, the umpire who achieved considerable fame as coach of the Centre College footballers when they were known as the Praying Colonels, called him out on a close play at the plate. . . . Fresco let out a terrific beef, concluding: "You ought to quit umpiring, Moran. Go back to college and teach the boys some new pranks." "Okay," Moran replied. "Now that you've brought up the subject of religion suppose you go to the showers and baptize yourself. You're through for the day."

Shorts and Shells
Alex Barth, the race hoss, has lost \$20,000 worth of purses this season by a margin of less than his own length. He ran second in four \$50,000 races, never losing by more than a half length. . . . After taking on Pete Lello in a non-title fight at Mexico City Sept. 22, NBA Lightweight Champ Juan Zurita will have another fling at New York boxing in October. . . . Notre Dame has come up with so many civilian football players this fall that about half the squad will reach New York the night before the Army game. The navy section will arrive a few hours before game time.

'Beware of the Yanks' Am. League Cry

Were 9½ Games Behind Aug. 13; Now Half a Game Ahead

By Jack Hand
Associated Press Sports Writer
"Beware of the Yanks" was the American league's battle cry again today as Joe McCarthy's champs, smelling World Series cash in the offing, surged from 9½ games back on Aug. 13 to pass the staggering St. Louis Browns by a half game with 21 to play.

As the four contenders hit the stretch drive toward the Oct. 1 deadline with the Yankees, making a bid for a fourth straight flag, showing the way, the race looked like this:
New York leading by half a game with 74 won and 59 lost with 21 to play — 2 at home and 19 away from the home lot.
St. Louis half a game behind with 22 to play — 17 at home and 5 away from Sportsman's Park.
Detroit 2½ games behind with 24 to play — 18 at home and 6 away from home.
Boston 3 games behind with 21 games to play — 4 at home and 17 away from home.

New York has won 20 of its last 28 since losing three out of four to the Browns and being written out of the race. A tough series in Boston looms ahead before the

Yanks and Red Sox hit the road to wind up the season in the west. Detroit had an 8-game set with Cleveland and two more with Chicago and St. Louis nine tilts with Chicago before they entertain the Easterners.

Two rookies, Walt Dubiel and Mel Queen helped boost the Yanks up on top yesterday by shutting out Philadelphia 10-0 and 14-0, respectively, on a pair of five-hitters while the revived New Yorkers climbed on Bobo Newsum, Joe Berry and Luke Hamlin for a total of 32 hits.

St. Louis was knocked off the perch it held since May 31 when Cleveland grabbed a first game 6-4 victory for Mel Harder on Roy Cullenbine's three-run homer. Nels Potter stopped the Tribe in the finale, 5-1, but the Browns, who won only five of their last 18, dropped down a slot.

Detroit walloped Chicago, 12-2 behind Stubby Overmire, but bowed to Ed Lopat in the nightcap, 6-3, Boston also split, drubbing Washington 11-7 but succumbing to Mickey Haefner's pitching, 9-2, in the second tilt.

Pittsburgh picked up a half game on Cincinnati in their scrap for second place in the National by splitting with Chicago, winning 4-3 in the second game after dropping the first, 6-3, as St. Louis blanked the Reds, 3-0 for Teddy Wilks' 15th victory. The Pirates held second by six games and trailed the Cards by 16½.

Brooklyn advanced to within a game of the sixth place Boston team by downing the Braves twice 4-1 and 6-4 and the New York Giants blanked the Phillies 7-0, behind Harry Feldman, but faded in the finale as the Phils scored 10 times in the 8th for a 14-8 decision.

A. D. Welsh Of St. Louis Heads Legion

John Henry Brooks,
Sedalia, Division
Vice Commander

JEFFERSON CITY, Sept. 5.—(AP)—A. D. (Bud) Welsh, a marine in the 1917-18 World War and now a baby buggy manufacturer in St. Louis, is the new commander of the American Legion in Missouri, with L. I. Morris of Lexington in line to succeed him next year.

Morris was elected senior vice commander in the closing session of the state convention yesterday when Welsh was elevated from vice commander to the top spot in accord with a three-year-old Legion custom.

In a convention sobered by war and their advancing age, the Legionnaires adopted resolutions advocating peace time military training of America's youth to prevent future wars and urged opening of Legion ranks to admit servicemen still engaged in the current war.

They found backing for their military training program from Warren Atherton, national commander, who also urged them to support "an international organization backed by sufficient power to maintain the peace."

However, C. C. Sprott of Hannibal protested peace time military training as "a program of militarism such as we are now fighting to destroy."

Fresh from a tour of the Pacific war front, Atherton predicted "American troops will be in Tokyo within a year after the finish of the fighting in Europe."

Warns Against Negotiations

Martin V. Coffey of Ohio, national vice commander, warned "if you let Hitler win a negotiated peace, you'd just as well start training your grandson for the next war."

The convention also adopted resolutions urging sale of Missouri land now occupied by army posts and war plants to war veterans in family size units and asking creation of a 15-member board of veterans to direct the work of the state service office.

Mrs. James McCune of Kansas City was elected president of the women's auxiliary and Fred Carlton of Chillicothe Grand Chief de Gare of the funmaking organization, the 40 and 8.

Other Legion officers included: William B. Stone, Kansas City, national committeeman; Dr. Ben Jolly of Moberly, John Morrison of Richmond Heights, Robert Henderson of Jackson and William F. Jackson of St. Louis as division vice commanders; Gus Bass of Warrensburg, finance officer; Irwin Walker, St. Louis, judge advocate; the Rev. Glenn R. Renick, Hannibal, chaplain and Nat Dun, St. Louis county, sergeant at arms.

Lon Klink, M. C.
Chas. Smith, Scribe.

Supreme Indifference

Completely indifferent and apparently "out of this world," the German prisoner above gazes skyward while a French gendarme and a patriot fighter try, with energetic gestures, to herd him in direction they want to go. German was captured in Briggoles, southern France.

In the Service

POPE FIELD, N. C., Sept. 4—

John Orleno, with the 1306th Signal Pigeon Co. stationed at this installation of the First Troop Carrier Command, has been promoted to Technician Fourth Grade.

T/4 Orleno's wife, Mrs. Georgia Orleno, resides at 506 South New York street, Sedalia.

AN EIGHTH AAF FIGHTER

STATION, England — A crew chief in the Eighth Fighter Command's well-trained army of aircraft specialists, Technical Sergeant Carl W. Tucker is one of the men whose work contributes to the great aerial offensive against Germany.

Assigned to a P-51 Mustang base in England, the sergeant and his men are responsible in keeping the swift combat planes in perfect condition for the long-range bomber escort missions, ground strafing operations and low-level bombing attacks behind enemy lines.

A graduate of the Needles high school, Needles, Calif., Sgt. Tucker left the employ of the Willis Dairy company to join the service in January, 1940 and has now been overseas for one year. His wife, Pauline, is now living at his home at 812 East Twenty-first street, Little Rock, Ark. He is the son of Mr. and Mrs. Floyd A. Tucker of Sedalia, Mo.

Margaret Poindexter Buried This Afternoon

Funeral services for Miss Margaret Poindexter, aged 33, who died at City Hospital No. 2, Saturday afternoon were held at the Blackwater Christian church, at 2:30 o'clock this afternoon. The body was taken to Blackwater Monday afternoon.

The deceased leaves her parents, Mr. and Mrs. Sampson Poindexter, of Blackwater, one sister, Vearlee, of Blackwater, two brothers, Esser Poindexter, who lives in Boonville, and another brother in the service, now serving in Italy.

Two Blazes Start From Burning Trash Piles

The fire companies at 11:32 o'clock Sunday morning were called to the residence of Bossie Todd, 707 West Jefferson street, where a shed had caught fire from sparks from a burning trash pile. Damage of about \$50 resulted to the building and contents.

A "still alarm" was received at 1:40 o'clock Monday afternoon to the alley behind the Milner hotel, where sparks from a trash fire had set fire to a telephone pole. Slight damage resulted.

Bank Figures Indicate Better Business Activity

According to the Monthly Review of the Federal Reserve Bank of St. Louis, during July, 1944, debits to individual accounts at banks in Sedalia aggregated \$5,226, and were 8% more than those for the same month last year. These debit figures represent for the most part checks against depositors' accounts in payment of goods, services, and debts, and are considered a good indicator of general business activity.

Knob Noster Woman Injured

Mrs. Harry Hume of southwest of Knob Noster broke her pelvic bone Sunday when she fell down the back steps outside her home. Her daughter, Mrs. Dorothy Gregory, an employee of Swift's, is helping care for her.

When Buffaloes Stopped the Iron Horse ...TRAVELERS WERE PATIENT

Remembering the hardships of the stagecoach and covered wagon days, travelers once looked upon the new woodburner trains as solid luxury... despite choking smoke, bumpy roadbeds; no electric lights, no berths or dining cars... despite delays of hours on end when great herds of migrating buffaloes marooned them in the middle of an endless prairie.

Today, if the train, plane or bus is late, if reservations are hard to get or we can't squeeze into the dining car,

we can still take comfort in the fact that America is moving at a pace that has astounded the world.

When this war is won, the transportation facilities of our country will have hung up an incredible record for efficient movement of fighting men and freight—and civilians, too. Meanwhile, public opinion is agreed that we should not travel unless absolutely necessary and, if we must go, take inconveniences cheerfully and patiently—like good soldiers.

In addition to supplying the armed forces with glider and bomber fuselage frames, wing parts, gun turret parts and foodstuffs, Anheuser-Busch produces materials which go into the manufacture of: Rubber • Aluminum • Munitions • Medicines • B Complex Vitamins • Hospital Diets • Baby Foods • Bread and other Bakery products • Vitamin-fortified cattle feeds • Batteries • Paper • Soap and Textiles—to name a few.
